This image shows a blank sheet of primary-ruled paper. It features a vertical black line on the far left side, serving as a margin. Two horizontal purple lines run across the width of the page, dividing it into three main sections. Five vertical orange lines are spaced evenly across the page, creating six columns of varying widths. The top section is the largest, followed by a smaller middle section, and a small bottom section. This layout is typical for teaching handwriting or basic arithmetic to young children.
