

Facade Incentive Grant Program

Downtown Development Authority of the City of Sylvester
Sylvester, Georgia

The purpose of the Facade Incentive Grant Program is to provide a tangible, valuable public benefit to the City of Sylvester and its citizens by:

- 1) Encouraging and promoting the investment in the improvement and revitalization of the Downtown Development District
- 2) Enhancing, improving, and revitalizing the exterior facades of buildings located in the Downtown Development District
- 3) Preserving the unique character of the downtown's historic buildings
- 4) Encouraging improvement to facades of historic and non-historic structures
- 5) Encouraging the use of quality materials in the rehabilitation of downtown properties

Assistance is available for exterior facade improvements to front, side, and rear, if such facades face a public street. The proposed improvement project must have a significant positive impact on the downtown streetscape. Priority may be given to buildings which are historically or architectural significant, or which are visually prominent, or which are blighted and in need of repair.

These Façade funds are provided in the form of a grant made available on a first come first served basis. The amount of the grant shall not exceed 50% of the actual improvement costs or \$1000.00, whichever amount is less. Improvements must contribute to the appeal of the downtown area and must preserve the individual character of each building, considering its unique features, historic appearance and significance.

General Guidelines:

- As a business or property owner, you can apply for up to \$1000.00 in matching funds designated to the commercial property/business owner's Facade Grant Program.
- Once work is complete, all receipts should be submitted to Main Street staff, these receipts should come from a licensed contractor/businesses, these receipts must be presented before any funding will be dispersed.
- Grant money will be paid upon completion of the project, once proper documentation has been submitted and approved by the Downtown Development Authority of the City of Sylvester.
- Funding is available only to businesses located in the Downtown Development Authority boundaries, as shown on the downtown Development District, City of Sylvester Map.
- All funding must be used for approved façade plans submitted by property or business owner, these improvements must be visible to the eye excluding roof replacements.
- All funding must be approved by the Downtown Development Authority if the City of Sylvester prior to beginning any work. This approval must be given by the Downtown Development Authority of the City of Sylvester board of directors.
- Planned improvements must preserve the architectural integrity of the building and restore, when possible, the historic appearance of the façade. Principal facades are those elevations that face a public street or right of way.
- Property and business owners will be responsible for contracting for work and obtaining any applicable permits.
- Projects must be completed within 90 days from board approval. The Downtown Development Authority will consider extending the time period in cases of delay due to a holdup with material or other reasonable extenuating circumstances.

Application Guidelines:

- Return application by the 1st Monday of each month to ensure prompt review.
- All improvements must be approved prior to beginning the project.
- Color chips must be submitted with the application for paint or color improvements.
- Historic paint colors should be used to maintain the historical character of the downtown district.
- The historic character of a property will be retained and preserved. The removal of distinct materials or alteration of features, spaces, and spatial relationships that characterize a property will be avoided.
- The following improvements that qualify for the façade grant:
 1. New paint to previously painted existing exterior walls; unpainted natural brick is preferred.
 2. Cleaning of previous painted or existing natural brick
 3. Replacement or additions of awnings to facades
 4. Door and window improvements, not to include security bars
 5. New façade applications to damaged or visually unpleasant exterior walls.
 6. Renovations which compliant the historic characteristic of buildings.
 7. Replacement of or uncovering of architectural features of buildings. Example- the removal of tin to uncover original brick.
 8. The Façade grant does not include new construction or additions to facades.
- The Downtown Development Authority reserves the right to reject any applications. Some projects may require professional assistance.
- If an application is denied approval, the applicant may:
 - A. Reapply using a different concept or proposed modification, as may be suggested by the Design Committee and/or the Downtown Development Authority of the City of Sylvester.
 - B. The revised plan must be submitted within 14 days of denial in order to remain in place of the received numbered application process.
 - C. Only one revision will be acceptable. If the application is then denied, the applicant may not apply again until the beginning of the next fiscal year, which begins July of each year.
- 9) Upon approval of a façade grant application, a business/property owner must wait three months before applying for another facade grant.
